

York Independent - State School Partnership Y9&10 Summer School 2019

March 25 2019

Dear Parent/Carer,

Following our successful summer schools from 2013 to 2018 we are again having an academic summer school, for able, interested and motivated students in Y9&10 from our 12 partner schools across the city. More information about the York Independent State School Partnership (ISSP) can be found on our website: www.yorkissp.org.

The summer school, which is for 4 full days from Tuesday 22 July to Friday 26 July at Manor CE Academy, will take the form of an extended masterclass with the young people studying one subject over the 4 days. This allows for in depth study, something our students ask for repeatedly in masterclass feedback. The opportunity to be involved in an exciting, fun but challenging workshop delivered by an outstanding professional is an opportunity not to be missed. There will be a number of different workshops from which the students will choose one.

This kind of extended study is expensive to provide and we have to make a charge of £120 for the 4 full days which will include a variety of supervised lunch time activities, in addition to the teaching of the 4 day workshop. However, it is our wish that no child will be prevented from taking part because of financial difficulties. We ask that you get in touch with your child's school about this.

We would like to invite you and your child to the launch meeting on **Tuesday 30 April at 7.30pm at Manor CE Academy** when you will be able to find out more details of the summer school, meet the amazing team delivering the workshops and ask any questions you may have. At the end of the meeting you will be able to complete the registration form, pay in cash, by cheque (made payable to York ISSP Summer School 2019) or pay by bank transfer. You can take the registration form away with you but this form along with the payment should be returned to us by Friday 10 May. The address for cheques & details for bank transfer will be on the form you take away.

It is essential that you register for the launch meeting; you do this by clicking on the link to the online registration form: <https://tinyurl.com/2019SSMeet9-10>

Some internet providers don't allow tinyurls; if you have a problem here is the full link:
