

Stargazing Live Party

St. Peter's School, York

Friday 10th January 2014

'A Voyage of Discovery'

By Mark Thompson

Presenter on the BBC's Stargazing Live Shows

Doors open 5.30 pm and the lecture will start 7.00 pm

The Evening is being run in conjunction with York University Physics Department and York Astronomical Society. The Exhibition will include a Planetarium Dome, some hands on experiments and things to do, exhibitors, telescope retailers and some Astro-Magic. Copies of Mark's Book: 'A Down to Earth Guide to the Cosmos' will be available at a discounted price for purchase on the evening. After the lecture there will be an opportunity to look through telescopes. Please feel free to bring along your own telescopes and if you are not sure how to use them help will be available. You should wear warm clothes, including hats, gloves and warm foot wear. Please see St. Peter's website for more details. All parking is on St. Peter's campus off A19 or Marygate car park. No parking on the St. Olave's campus.

Admission is free, but tickets are required. Light refreshments provided. To reserve tickets please contact Amanda Birch at St Peter's School. Phone 01904 527300
