YES/NO

Photographs of Pupils

It is the custom and practice of most independent schools, and of this school, to include some photographs or images of pupils in the School's promotional material such as prospectus and website. We would not disclose the name or home address of a child without Parents' consent.

We occasionally send photographs to the local press to publicise events that we have held at school. Editors are more likely to use our photographs if the full name of the child is included.

Parents who do not want their child's photograph or image to appear in any of the School's promotional material and/or their full name to appear in the local press must make sure the child knows this and must write immediately to the Head, requesting an acknowledgement of their letter.
